	accurate? Can we request them to correct these?	
	Thanks much.	
78	Will future A/E RFQ submittals all be electronic through this site, or	All A/E RFQs will be submitted electronically in the new system.
	will hard copy RFQ submittals still be used?	
79	SCS participation has not been included on many recent	We include SCS participation when possible on each solicitation.
	Wastewater projects. Is it going away??	
80	The Organization Development roster response provided earlier	live answered
	stated " the (OD) roster will remain" and be used in this new	
	system. I believe that you also mentioned that there are only 2	
	rosters that you can check to opt into and the OD one was not one	
	of them. I think the existing OD roster conract is expiring, so how	
	will this roster be updated?	
81	Just to confirm, if your firm is registered in OVR now, will our	live answered
	registration data will be pulled over to the new system? If so, do	
	we still need to register in the new system?	
82	I do not think the question related to how to prefer WA state SB in	
	King County solicitation was answered completely. I think one of	
	the option could be assiging points in the selection system for	
	including local small business.	

Is king County willing to prefer local SB - by giving points in the selection process for including local small business. Does this mean that all payments from King County will come by ACH? No longer sending checks to vendors? Will this new system allow uploading of a pdf proposal or will the system require providing information in portal fields? What is the purpose of putting our bank information into the system? Will all payments be on-line vs payment by a physical check? Is there a difference between 8(a) small business and Small Business designation? Will there be a megabite (MB/KB) limit when submitting responses to solicitations? Typically we will be attaching a PDF, etc. in response. In the current system King County posts updats on who submitted for A/E consultant projects and then who it was awarded to, will that be the same in the new system? It's very nice to see who all the submitters are on projects. Please clarify if A/E proposals will be submitted as PDF files or will We will be asking Architect and Engineering (A/E) firms to fill in fields	83	Who should I contact for banking information on the registration	live answered

97	Can we update the banking information once we get a contract? I'd rather not provide it until it is necessary.	Yes
98	A/E submittals will now be submitted by filling out an online form? Not uploading a PDF of a proposal?	We will be asking Architect and Engineering (A/E) firms to fill in fields and attach documents as well in response to questions
99	You may have covered this already, butAs a new supplier, do I have to register both in OVR and in the new system? or will OVR registration transfer automatically?	You will be required to register in both system. We will not be moving data from our old system to the new one.
100	I think this was just answered but can you cofirm that we will not be able to see other potential bidders prior to submittal?	live answered
101	Jagger is another procurement system	We will not be using Jagger within our new procurement system
102	A note, not a question: Seeing the potential bidders list is an effective tool for small businesses to find teaming partners. I would hope that if there is not a way to self-select as a potential bidder in the system, KC will at least share attendee lists from preproposal meetings so firms can see what teaming partners might be out there before submitting proposals.	TBD
103	Who is the best person to contact if we need help registering in the new system?	live answered
104	So there will no longer be a public document holders list for A/E solicitations?	live answered
105	Will the future training cover NCAIS codes?	live answered
106	I had technical difficulties setting up new acct. I.e., Bellevue zip code was said to be invalid. Called it Cedar Hills or something.	
107	That would be an awesome training!!!!!	live answered
108	If we choose the parent NAICS code will we be penalized for not responding to Roster solicitations?	live answered
109	Will we have access to the Power Point?	live answered
110	doc holders lists help firms engage small business firm as subs, why not include them? Part of transparency.	TBD
111	The bidder list or interested parties is a very important information for the SCS and WMBE firm for teaming. This is very important. Please consider	TBD

112	Back to ergonomics we are a services firm and do not sell furniture/equipment The closest codes would be for healthcare???	
113	GREAT PRESENTATION	
114	In the registration website, there is a question to either register in current system or new system. Which one?	live answered
115	Will this new system affect how A/E firms interview for projects?	live answered
116	Please confirm A/E submittals will now be made by filling out an online form.	We will be asking Architect and Engineering (A/E) firms to fill in fields and attach documents as well in response to questions
117	The document holders' list is a very important resource for subs to identify who are the potential prime players for solicitations. We strongly request to maintain it at the new system.	TBD
118	Thank you for the presentation!	
119	if there are not documents holders lists this limits the ability for small business to team please keep them	TBD
